TIRED OF PAYING SMOKE LAW FINES

The Washington Traction Company Will Fight the Cases.

MR. SINCLAIR IN

COURT

Asks for July Trial on Each of Thirtyfive Informations-Cases May Be Carried to Higher Court-Corporation Has Paid Mary Fines.

The most interesting case in the Police Court yesterday was the arraignment of Mr. Lindley E. Sinclair on thirtyfive separate informations, charging him with as many violations of the anti-

Mr. Sinclair is superintendent and reneral manager of the Washington Traction and Electric Company and the alleged offences are said to have occurred at the powerhouses of that corporation. Has Paid Many Fines.

The company has been fined an aggregate of nearly \$800 on similar charges within the past two months. It forfeited \$25 on each of twelve counts about three

Mr. Sinclair on that occasion declined to appear in court on the ground that to do so would simply be a waste of time. He said that the company had gone to much expense and resorted to every known method to overcome the evil complained of and had failed, and that it was simply confronted by a condition that it was impossible to correct

It is understood that if convicted, and it is almost sure that will be the result, the company will carry the suits to a higher court.

Health Office Methods.

There has been some criticism of the method pursued by the health office inspectors in their observations of buildings from which smoke has been alleged to have been seen issuing, the owners of which have been and are being prosecuted. In answer to questions put in trials of smoke cases recently the inspectors have replied that their observations were made from the roof of the District Building.

There has been doubt as to the ability of the inspectors to be accurate in observing a building a couple of miles away. Yesterday, at the suggestion of James S.

Pugh, the Assistant City Solicitor, the gentlemen serving as jurors visited the roof of the District Building to take a look around to satisfy themselves on this point. The day was perfect for the purpose.

A Difference of Opinion.

After the trip there appeared to be purpose. a difference of opinion among the jurors as to the inspectors' powers to certainly judge the matter at a long distance, when other buildings obstruct the view between Mr. Maurice A. Tanzer Transfers Propthe District structure and the one sought to be observed.

There was but one smoke law case tried yesterday. Oscar D. White was charged with violating the law at the Stanton Flats, on C Street northeast. Mr. White took the ground that the flats were private residences and were not, therefore, amenable to the smoke law. the jury acquitted him on all of them.

COMMISSIONERS REFUSE.

Decline Request to Improve Cross Road West of New School Site. The East Washington Heights Citizens'

Association has requested the District Commissioners to improve the cross road west of the new site for the Good Hope school.

The request has been refused, as the road is not a public one. The District will make such minor repairs as may be needed to keep the road in tolerable confor the action of the grand jury. dition. Heretofore no expenditure has been made for the improvement of this road, and in that sense it has not been accepted as a public highway. In view, however, of its long existence as a roadway and the fact that it is included in the plans for the extension of the high-way system, it is believed that it is the best policy for the District to assume charge of it.

TAX TAKEN OFF.

Assessment Made on Tome Property for Improvements Is Raised.

Mr. J. W. W. Griffin, the Assistant Assessor, has forwarded to the District Commissioners a recommendation to the effect that the tax on improvements against lots 2, 3, and 4, square 719, assessed to Jacob Tome, and listed at a valuation of \$5,500, be discharged for the second half tax of 1902, in the amount of \$41.25. The property was formerly improved

by a large warehouse, which was destroyed by fire last November. The action recommended by the Assist-

ant Assessor was taken in view of precedents established in similar cases

To Influence Jury.

Judge Cole, for the company, intimates that the charge had been made for the purpose of influencing the jury.

"It is false that such were my intentions," exclaimed Mr. Peter, springing to his feet. "It was not my purpose to influence the jury."

Judge Cole ignored this and made a mo-tion that the jury be discharged and a new one impaneled. Judge Clabaugh de-

nied the motion. He paid a tribute to the intelligence of the jury, believing, he said, that the members would not be in-fluenced by Mr. Peter's accusation. The case was resumed.

The first witness for the defence was

put on the stand late in the afternoon. The case was continued until Monday morning at 10 o'clock. Say They Were Assaulted.

The plaintiffs allege that on August 2, 1900, they were assaulted at Glen Echo by employes of the railroad company. The four young men who bring the suit were in company when the alleged assault oc

LAST OF FOUNDRY CHURCH.

Edifice Awarded. Mr. Fred W. Carlyle, secretary to Mr. Thomas F. Walsh, gave out the statement yesterday that all proceedings in regard to the purchase of the Foundry Methodist Episcopal Church property had been closed, and that the contract for the tearing down of the old building had been given to Mr. James L. Karick, who will start in with his work as soon as possible, probably the first of the coming

Mr. Carlyle said further that no definite plans had been made for the new building, which Mr. Walsh intends to put up on the site, and the contractor has not as yet been selected. He spoke of Mr. Walsh's plans inasmuch as arrangements had already been made with the Com-missioners by which he was to be per-mitted to build a nine-story building, for-stores in the lower floor and offices above. The structure is to be modern in every respect and as near fireproof as can be made, with halls and rooms fitted with every possible improvement.

All this is radically wrong. It is foolish and unscientific to recommend ducting to a man already suffering from starvation because indigestion liself starves every organ, nerve, and fibre in the body.

What people with poor digestion most need is abundant nutrition, pienty of good, wholesome, properly cooked food, and something to assist the weak stomach to digest it.

This is exactly the purpose for which Stuart's Dyspepsia Tablets are adapted and the true reason why they cure the worst cases of stomach trouble.
